Richard Metcalfe, who used to fill an interesting column in Bryan's Commoner, has proposed a joint debate with Mr. Bryan before the voters of Nebraska on the question of Preparedness. Metcalfe is a brilliant writer and is considered a smart fellow. Admitting this he should have better sense than to go against a buzz saw like Mr. Bryan, who, like it was said of Senator Blackburn, can set his mouth to talking and go off and leave it spouting away.

Barksdale Hamlett is said to aspire to the portfolio of Assistant Secretary of War, made vacant by the resignation of Henry Breckinridge. With a contest and divorce proceedings on his hands, it would seem that Barksdale would have enough to do to fight his own battles for the rest of the year at least.

#### LEGISLATIVE DOINGS.

If a bill that passed the upper branch of the Legislature becomes a law, the consumers of liquor in "dry" territory will have to accommodate their thirst to two quarts of whisky or brandy and five gallons of beer a month, the limit of allowance proposed in the Taylor bill, S. B. 74. The Senate passed the bill by a vote of 25 to 8.

Two bills, one limiting changes in schoolbooks to three a year, and the other making a second violation of the local option law a felony, passed the House Friday.

Formal rollcalls only were required for the passage of the Montgomery bill, S. B. 142, changing the time of holding Circuit Court in Garrard county, in the Thirteenth judicial district.

The Frost bill, S. B. 24, enabling two adjoining counties to establish a joint high school, passed without a dissenting vote.

Efforts to abolish several offices, considered useless by many, were frustrated in the Senate by unfavorable reports. One was a bill to

abolish office of attorney to insurance rating board, and to abolish the offices of second and third assistant attorney general.

#### General News Notes

Capt. Oliver F. Redd, who claimed to be the only "unreconstructed rebel in Kentucky," is dead in Fayette county.

A resolution proposing a referendum of woman suffrage was rejected by the Virginia House of Delegates by a vote of 52 to 40.

Oliver Singleton who taught a successful school at Neal's Creek, left Monday morning for Bowling Green to take a course in the Business College of that city.

Mrs. E. C. Walton went to Catlettsburg Monday to spend a week or so with her sister, who has been ill, but is improving.

Miss Marion Grimes came over from Transylvania, at Lexington, Friday night to spend a few days with the homefolks.

Mr. Sam Bishop returned Sunday-afternoon from a visit to friends at Corbin.

Miss Frankie Doty Traylor, of Richmond, was the guest for a few days of Miss Katie Anderson, on her return from Crab Orchard where she had been for a visit to her sister. Scott county's \$100,000 road bonds were bought by a Cincinnati and Toledo firm for \$106,000 and accrued interest.

William D. Cochran, of Maysville, has announced for the republican nomination for Congress in the Ninth. He is a graduate of Centre College and a son-in-law of George W. Welsh, of Danville.

#### YOUNG MAN DIES IN EAST END.

Charles R. Cooper, 28 years of age a well known young man of the East End, died at the home of his uncle, Charles Redd at Crab Orchard Sunday afternoon, after a lingering illness of tuberculosis. Mr. Cooper's mother was Miss Jael Redd, before her marriage, a sister of Mr. Redd, and he is survived by her and one brother, Arch Cooper. He was a fine young man, popular with all who knew him and many hearts will mourn at his untimely taking away. Funeral services were conducted at the Redd home by J. C. McClary Monday, after which the interment was in the old family burying ground on the Redd homestead.

#### Heard About Town

Alfred Farmer has been appointed substitute to Rural Route Carrier A. C. Hill on No. 3. Mr. Hill will take charge of his new post March 1.

Sam J. Embry, Jr., is carrying Rural Route No. 5, while Frank Weatherford is helping his father, Sheriff J. G. Weatherford, with his work in court this week.

Congressman Helm has sent the I. J. a couple of sacks of garden and flower seed which will be given away free to its subscribers as long as the supply lasts.

A feature of the meeting of the Central Kentucky Millers at Lexington last week was an address by Sec. E. J. Howenstine, of the Stanford Chamber of Commerce, on "Bad Debts—How Made and How Collected."

George S. Proctor, who has been reading the I. J. for many years at his home near Quail, sent in a big \$2 bill this week to keep his paper paid up way in advance. Mr. Proctor has been down with the grip but his friends are glad to know that he is considerably improved now.

Relatives here have received copies of Portland, Oregon papers containing a picture of Miss Virginia Rout, who has just graduated from the high school in that far western city. The young graduate is the daughter of Sam Rout, who went from Lincoln county, to the West several years ago.

Dr. J. J. Pursley, the famous "Dakota Jack," is back again from the south where he annually spends the winter, and says that the sales on his famous Indian remedies are breaking all records. Dr. Pursley was in Danville Monday, mixing with his friends, and as usual had a "glad hand" for everyone.

The Orlando, Fla., Reporter-Star says that Col. J. E. Farris, of Danville, but formerly of this county, was the judge in the horse rings at the fair there last week and that "he fitted the job like a glove fits the hand." There are few, if any better judges of horse-flesh than Mr. Farris and the I. J. congratulates the fair association on getting such a competent man.

Col. W. P. Walton, of Lexington, was a visitor at the Capitol last week. As soon as he was seen in the gallery, Senator Combs moved that he be made an assistant Sergeant-at-Arms of the Senate for the day, without compensation. The motion was carried and gave Col. Walton the privilege of the Senate floor, where he met a number of his old friends in the Senate.

The many friends of Mr. and Mrs. J. W. Clark regret very much that they will leave the latter part of this week for Bourbon county where Mr. Clark recently purchased a fine farm near Millersburg. Mr. Clark has been associated with Severance & Son for over two years, and during his residence here he and his most estimable family have made friends of everyone who has come to know them. There is general regret throughout the community that they are to leave.

Officials of the C. N. O. & T. P. railroad, of which the Cincinnati Southern, which passes thru Lincoln county, is a part, are rejoicing over the fact that that road was awarded the gold medal, offered by Mrs. E. H. Harriman thru the American Museum of Safety, for the best safety system of any railroad in the United States. Last year the medal was won by the New York Central. During the period covered by the award there was carried on this road an aggregate of 1,019,839,889 tons of freight one mile and 82,875,938 passengers one mile. It was gained by a high standard of efficiency of employees and general observance of safety rules. Consideration was given to improved condition of roadway, bridges, etc., signaling devices, elimination of curves, improved ventilation, cleaning, disinfecting of cars and stations. The safety committee of the road gives great praise to its employees for the part they played in winning this distinction in railroad operation.

#### A Child Hates Oil, Calomel, Pills for Liver and Bowels

Give "California Syrup of Figs" if Cross, Sick, Feverish Constipated

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.
